

## E-STUDIO INTERNATIONAL

We import and distribute premium lifestyle products in India. These products are carefully selected and sourced from collections offered by internationally renowned brands known for their quality and craftsmanship. We are known for uncompromising quality and unique product concepts.

Our products include a stunning range that encompasses silver concepts from Italy, crystal artifacts from the Czech Republic, Pewter collections of Roman art, replicas of arms, armour and voyage collections from Germany and Spain, and Bronze artifacts from the United Kingdom, to name a few. Renowned brands that E-studio International works with include Leader group, TK International, Collectable world studios and Denix, Hekas, Ormolu, among others.

Our Main Studio is at Indiranagar, Bangalore, and has a franchise tie-up at premium locations across Bangalore and Delhi. With a shop-in-shop concept, E-studio International has tied up with Reliance Time out Bangalore & Delhi, and Rain tree, Bangalore. We offer advice on interior decoration. The companies we have worked with are J P Group, BJN, Royal Orchid-Bangalore and Sanderson- Mumbai.

We are in the process of making our entire range accessible across the country. We are also open to letting out franchise outlets, dealerships and to tie-ups for our shop in-shop ventures throughout India.

The E-Studio Collection

### **THE SILVER FIESTA COLLECTION**

An exclusive creation in silver from the House of TK international & Leader Group Italy, these are rare masterpieces of Indian deity sculptures, classic vases, mantel clocks and animal figurines that are crafted in 92.5% sterling silver and some artifacts are embedded with sparkling Swarovski crystals. The designs are conceptualized by E- Studio.

## The Black Forest Cuckoo Clock collection

We offer traditional hand-crafted wooden cuckoo clocks with cuckoo chimes as well as key-driven grandfather clocks. Using various exotic woods and designed by Black forest craftsmen, our collection comes in the House model, the Antelope Head and the Chirping birds. Some models come with moving figures.

These clocks are Mechanical (Weight Driven & Key Driven) This collection is a 200 year old technique and is traditionally hand-crafted. We ensure that the models last for a lifetime. We provide our customers a two-year international warranty and authentic seamless service.

## The Ormolu Collection

Hand-crafted porcelain bowls, vases, candle stands, centre table, curios, with bronze embellishments make up this collection. Ormolu an authentic art form is an ancient method of combining bronze and porcelain. It is a rare ensemble offered by E-studio, and cherished by collectors.

## The Arsenal Collection

We bring you medieval era valour, passion and heroism through exquisite replicas of arms and armory from Germany & Spain. Our collection includes swords, shields, amour suits, cannons, daggers, guns, pistols and life-size figurines. The collection comprises replicas of artifacts and armory used from 600 B.C. upwards. The blades of the daggers and swords are cast of a metal alloy that cannot be sharpened, although the lock actions on the replica firearms are mechanically functional, all our artifacts are certified a s safe for display and decoration.

## The Voyage Collections

From expeditions to battles, races to discoveries, and victories to trophies, these horses of the seas are replicas of an array of ships. These are caled-down versions of The Santa Maria, HMS Victory, Blue nose, Endeavors, Cutty Sark, HMS Bounty, Mayflower, Golden Hind, USS Constitution, USS Constellation and Harvey Baltimore Clipper, all with stirring accounts of their voyages of exploration and scientific investigation. Each of these ships added tremendously to the world's knowledge of navigation, geography and scientific investigation.

### **The Nautical collection**

Complementing the Voyage collection, we offer sand timers, globes, compass, ship- clocks, telegraphs, ship-in-bottle collections, station clocks and telescopes.

### **The Japanese Armour suit collection**

Our full-sized reproduction of a Classic Japanese Armour suit (Last Samurai armour set) is completely hand-crafted and made by the most skilled armour craftsmen in Japan. The replica includes a black lacquered display/storage box to highlight the suit. This set is made of iron, leather, silk and brass. It comes fitted for a person between 5'2" and 5'10" in height, with average body type but can also be customized.

### **The Masai collection**

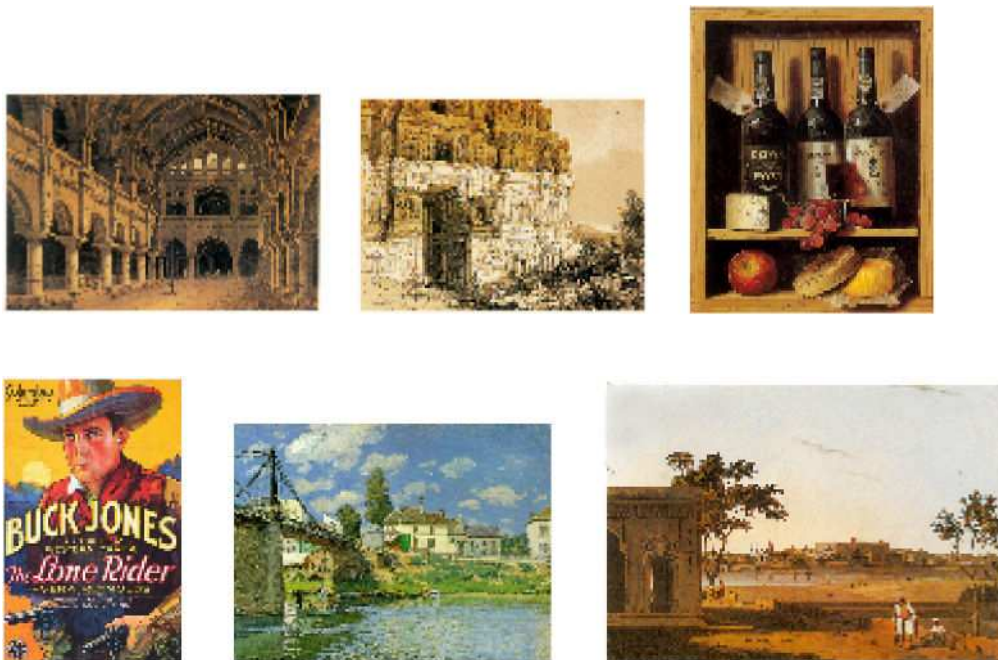

The Tanzanian tribe – the Masai inspire this theme. Our exclusive collection, by a famous UK-based designer, includes figurines of the tribes' peoples, authentically representing their ways of life.

## The Parian Porcelain collection

Parian porcelain is a nineteenth century art that gives porcelain the finish of marble, allowing the artist to showcase perfection, intricacy and beauty in porcelain. We bring you an exclusive collection of Lord Ganesha and decorative curios.

## The Prints collection

The works of 18th century and upwards in art, theatre, movie posters, old maps, architecture and landscape, and other prints of famous artists make up this collection. We also provide a choice of appropriate frames for the same.

## The Furniture Collection

Our furniture draws inspiration from masterpieces crafted for the Royal Community. The collection offers you royal antique reproductions which are crafted authentically.

## The Chandelier Collection

Our collection is inspired by 17th century Baroque style art, which includes collections from King Louie XIV, French gilt-bronze and lead-crystal chandeliers. With Ormolu patterns.
